# TOUGHSTRIPE® Floor Marking

**THE MOST DURABLE FLOOR MARKING TAPE**

## Superior Durability

**Spend less time replacing damaged or worn lines for a better-looking, more efficient facility.**

- Withstands forklift traffic without tearing or lifting
- Low-profile design minimizes tears and scratches from skids, pallet jacks, etc.
- Rugged polyester with ultra-aggressive adhesive

## Easy Application

**Quickly lay down smooth, straight lines – without the help of coworkers.**

- Can be easily applied by one person working alone
- Stiff polyester with liner prevents tape stretching and reduces wrinkles and wavy, uneven lines
- No special floor preparation required – just clean with common cleansers

\* For maximum performance, apply ToughStripe Floor Marking products to flat, non-coated concrete.

## ToughStripe® Floor Tape Adhesion Rates

### Floor Types

### Questions about your floor type?

We recommend testing a small area before purchasing. To request a free sample, visit [BradyID.com/toughstripe](http://BradyID.com/toughstripe).

## High Visibility

**Get the same visibility of painted floor markings – and pay less.**

- High-gloss surface shines like new paint
- Low profile minimizes debris buildup along the edges that occurs with thicker (extruded) floor tapes
- Surface resists marks and smudges
- Available in a variety of high-impact colors
- Custom colors available

## Diecut Shapes

**Utilize different shapes, colors and sizes for more effective, durable floor markings.**

- Dashes, dots, arrows, footprints, and corner marks (L, T and + shapes)
- Longer lasting markings – Minimizes the risk of damage and facilitates fast repair

## Pre-Spaced Shapes

**Expedite installation and repair time**

- Dots, arrows and dashes packaged in rolls (not individually) and evenly spaced 18" apart on a continuous liner
- Quick and easy one person installation; simply lay down the line like a continuous tape, and then remove the clear transfer tape from on top of the floor markings
- Eliminates the need to apply markings one by one
- Quickly lay straight, evenly spaced shapes
- Ideal for high traffic areas – if damaged only replace damaged shapes

### **Use ToughStripe® Floor Marking products to mark:**

- Aisleways and traffic lanes
- Work Cell outlines
- Equipment storage areas
- Material storage areas
- QA inspection areas
- Defects/scrap/rework areas
- "Keep clear" zones
- Hazard areas

## Painless Removal

**Easily remove floor markings without damaging the floor or leaving adhesive residue.**

- Does not chip and flake when being removed – comes off in one piece
- Clean removal without any unsightly adhesive residue or damage to the floor

## B-514 Floor Marking Polyester

ToughStripe® floor marking products are made with Brady's new B-514 polyester. ToughStripe products are ideal for marking aisles, passageways and storage locations, and pointing out important safety equipment and egress paths.

- Exceeds safety standards for clean, dry non-slip surfaces per ANSI A1264.2-2006 and OSHA 1910.22
- 2 mil thickness
- Service temperature range of 0°F – 129°F
- Resists harsh chemicals
- Custom colors available

# Custom ToughStripe Tape

- Pre-printed tape with your custom message
- Die cut numbers and letters for safety, lean and other applications
- Specific die cut shape sizes
- Any color you need, just provide a PMS #
- Striped or checkered tape available

**Contact Brady Customer Service to order your custom ToughStripe® products.**

## B-483 Print-On-Demand Floor Labels

ToughStripe® floor tape is available in printable label cartridges, which can be used to create custom floor labels. The printable labels feature the same durability and performance as ToughStripe floor marking tape, making them an ideal solution for identifying designated storage locations and providing visual instructions on the shop floor.

### Easy 3-step process:

- Print desired label from a select Brady printer
- Position on floor
- Apply included B-634 polyester overlamine
